Sir,

Subject -Underground drainage in Medars Block.

Adverting to your letter No L.14623dated 17-3-48 on the above subject, I have the honour to state that according to G O.No.L 10392-96/M1 38-46-155 dated 31-10-47 the cost of providing underground drainage to the new extensions noted in the margin viz , Rs 4,46,400/- has to be met entirely by the Trust Board It is clear from this Government order that no contribution is payable by the Municipality for the underground drainage work in Medars Block But in the subsequent G.O.No.L 10994-7/M1.141-46-6 dated 20-11-47 Government have directed that half the Govt for providing underground drainage work in Medars block viz., Rs 11,200/- has to be met by the Municipal Council in accordance with the existing practice etc. The latter G.O. is in contravention of the former one and has to be modified to the extent that the entire cost for providing underground drainage in Medars Block has to be met by the Trust Board as already directed in the G O. dated 31-10-47

The matter was also placed before the Municipal Council at their meeting held on 30-4-48 and the Council have expressed the opinion that the Trust Board be requested to take up the work and carry on as early as possible A copy of their resolution No.848 dated 30-4-48 is also enclosed for kind information

In the circumstances, I request you to kindly modify the Government order dated 20-11-47 as stated above and to

instruct the Chairman, City Improvement Trust Board, Mysore, to take up the work early and complete it as soon as possible.

I have the honour to be,

Sir,

Your most obedient servant,

Municipal Commissioner.

OFFICE OF THE PRESIDENT,
CITY MUNICIPAL COUNCIL, MYSORE
Date 10th November, 48

FROM

P SITHARAMAIAH Esq BA BL,
*President City Municipal Council*
MYSORE

To

Janab Syed Abdul Aleem, B A ,
Secretary to Government,
Revenue Department,
Bangalore

Sir,

Subject - Underground drainage in Medars Block

With reference to your letter No L 4509 dated 1-11-1948 on the above subject, I have the honour to state that the reply to your letter No 18142 dated 25-6-1948 could not be sent as the question of taking up a loan of 4 lakhs and odd for the improvement of drainage works in the old city and the mode of repayment of the same as also finding out the ways and means for repay-payment is still under the consideration of the Council

The subject was included in the agenda for the meeting held on 27-10-1948, as the scheme of laying underground drainage was a problem common to both the bodies viz , Municipality and the Trust Board and the subjects whether pending before Government or before either of the bodies, were to be discussed on the 27th

ultimo at the informal joint meeting of the two bodies in the presence of the Ministers concerned for the respective bodies

With regard to this matter, it is to be stated that the work in question forms part of major item No.2 costing Rs 4,46,000 of the G O dated 31st October 47 wherein the general scheme of laying out underground drainage costing Rs 25,04,617/- for the whole city has been sanctioned It is clearly laid down in that order that the 'Trust Board should meet the cost of the work pertaining to the new extensions referred to in item No 2 viz , Rs 4,46,000 (the new extensions referred to in the G.O are (1)Bannimantap (2) Yadavagiri (3) Medars' Block and (4)Paduvarahalli

A further provision is added in para 5 of the same Government order dated 31-10-47, that the scheme of 4 46 lakhs pertaining to new extensions be deferred and the scheme for laying underground drainage to old city at a cost of Rs 8 81 lakhs be taken up immediately.

From the above, it is clear that the work of the underground drainage to the Medars Block has to be borne entirely by the Trust Board but the work has to be taken up at a later stage along with underground drainage work of new extensions But in the subsequent order No L 10994-7/M1 141-46-6 dated 20th November 1947 wherein the estimate

the estimate for Rs 39,620/Rs for the layout of the Medars Block extension was sanctioned (including the provision of Rs 22,400/- for laying the underground drainage therein) a remark is made that "Rs 11,220/- being half the cost of providing underground drainage for the above block has to be borne by the Municipal Council " This, the Council wish to point out, is not in accordance with the first order dated 31st Oct. 1947 I, therefore, request that the Government order dated 20th November 1947 may be suitably modified so that the entire cost of the entire lay-out of the Medars' Block extension including drainage works may be met ~~xxx~~ by the Trust Board

With regard to the point as to why this drainage work may not be postponed, it may be pointed out that it would be better that the extension is made self-sufficient in all matters such as underground, water-supply etc , so that the poor people to whom the extension is meant may not be put to inconvenience I, therefore, request that instructions may be issued to take up this work simultaneously with the formation of extension as the cost involved is small

Yours faithfully,

President
